## Notes

- The base mounted mechanism provides for easier termination and more wiring room
- Fixed earth and neutral connector bars with dual clamping screws per tunnel provide equal stripping lengths and secure clamping for all cables
- Simply screw out the caps to insert cable and 2 x 25mm & 4 x 20mm cut outs on back
- A safety feature for mounting switches to metal structures is the insulating caps that cover base mounting screws to totally protect them from any live cables
- The impact resistant base and cover will survive the hardest knocks in almost any installation
- The two sections are sealed with a weather seal gasket
- Heavy duty & weatherproof, for indoor or outdoor use
- IP66 Rated - Complete protection from dust, oil, and other non-corrosive material. Complete protection from contact with enclosed equipment. Protection from water, even from powerful jets of water
