

Product Code: **ATOM-M**

220-240V 50Hz AC. IP44 7W LED Bulkhead - 4000K

Warning

- Keep away from children and pets
- If in any doubt, consult a qualified electrician

Installation Instructions

1. Remove the diffuser by gently inserting the tip of a screwdriver in the slot on the side of the product and levering the front away from the base.

2. Loosen the three outer screws and rotate gear tray to release. Gently remove the gear tray.

3. Ensure that the mains supply is switched off. Feed the supply cable through the entry gland on the back of the base. Secure the base to a solid surface using the fixing screws provided.

4. Fix the cables to the terminals ensuring correct polarity is observed.

5. Re-attached the gear tray and fix back into position using the screws provided.

6. Click the diffuser back onto the base, taking care to ensure it is securely fixed in place.

7. Restore the power supply and test for correct operation of the unit.

Disposal Information

Should you want to dispose of this item please do not put it with the household waste. Used electrical and electronic equipment and batteries must be made available for separate collection. Electrical products may contain toxic materials such as lead or cadmium. Separate collection allows materials to be recovered and recycled. Private households may return their used electrical and electronic equipment to designated collection facilities free of charge. Facilities are usually available at the municipal waste site, your electrical retailer, or your local authority may provide separate collection from the household. By disposing of this product correctly you will be providing positive help to the environment.

SAFETY FIRST

- BEFORE STARTING ANY ELECTRICAL WORK ALWAYS SWITCH OFF AT THE MAINS
- IF IN DOUBT CONSULT A QUALIFIED ELECTRICIAN
