

GRID360

User Manual

for GRID360 On-Off
Kinetic Switches

to work with Receivers
SKIN-1, SKIN-2 & SKIN4

A. Specifications

Dimensions:

Power Source:

Self Powered (Kinetic)

Radio Frequency:

433 MHz

Switching Type:

retractive – on / off
switch

IP Rating:

IP42

Body Material:

Polycarbonate

Weight:

27g

Transmission Range:

Outdoor 100m (no barrier)
Indoor 30m (plaster board; drywall)
Indoor 15m (concrete, glass walls)
(Range may vary depending on
surrounding situation)

Compatible with Receiver SKIN-1, SKIN-2 & SKIN-4.

Installing on or close to metal surfaces will decrease the
transmission range significantly. It is suggested to keep at least
1m away from metal surfaces to achieve the best performance..

B. Operation & Installations

The button on the Upper
Arrow side is the Off key.

①

Fix to the front plate (order sperately)
with screws provided.

② Antenna Arrangement Suggestion

To improve transmission range when a metal back box is used, the antenna could be mounted outside the box.

C. Pairing with Receiver

Pairing to Receiver - Standard method

Press the Pairing Key for 3-4s,
until the RED indicator flash slowly.

While the indicator on receiver flashes, press any key
of GRID360 On-Off Kinetic switch once to complete the
pairing.

Pairing window is limited within 8s. Please pair the kinetic switch within the time frame.

If you have missed the pairing window, please repeat this step.

Disposal Information

Should you want to dispose of this item please do not put it with the household waste. Used electrical and electronic equipment and batteries must be made available for separate collection. Electrical products may contain toxic materials such as lead or cadmium. Separate collection allows materials to be recovered and recycled. Private households may return their used electrical and electronic equipment to designated collection facilities free of charge. Facilities are usually available at the municipal waste site, your electrical retailer, or your local authority may provide separate collection from the household. By disposing of this product correctly you will be providing positive help to the environment.
